3.0 GEOGRAPHIC ADJUSTMENTS & MERIT REVIEW

3.1. Geographic Differential Index. Salaries for remote personnel located outside Tier 1 labor markets (Austin HQ, San Francisco, New York) are subject to geographic adjustment factors ranging between 85% and 100% of standard benchmark midpoints.

3.2. Annual Merit Adjustments. Merit increases are conducted during Q1 performance reviews. Adjustments are governed by employee position-in-range (compa-ratio) and performance evaluation ratings approved by department heads and executive management.
