

NORTHLANE SOFTWARE INC.
SOC 2 TYPE II REGULATORY COMPLIANCE AUDIT SUMMARY — FY2026

Document ID	LEG-L5-2026
Audit Period	November 1, 2025 – April 30, 2026
Lead Compliance Officer	Sam Okafor, Director of Security
Legal & Governance Review	Jordan Reyes, General Counsel
Classification	Internal / Compliance Audit Summary

1.0 AUDIT OPINION & TRUST SERVICES CRITERIA

1.1. Independent auditing firm Schellman & Company LLP completed the annual SOC 2 Type II evaluation covering Security, Availability, and Confidentiality trust services criteria for Northlane Insights. The final audit opinion confirms that controls were suitably designed and operated effectively with zero material exceptions.

2.0 REMEDIATION OF PRIOR AUDIT FINDINGS

2.1. AWS Access Control Gap Remediation. A minor gap identified in Q1 regarding stale AWS IAM credentials was fully remediated by implementing automated Okta SSO role expiration under technical protocols established by Priya Nathan, VP of Engineering, and Sam Okafor, Director of Security.
